“Helping clients build financial certainty”

Declaration of Independence

The Updated Investor is not independent, impartial or unbiased because we receive commissions for the advice we provide on life risk products. Any such commission will be disclosed to the policy owner at least annually and may form part of the remuneration for services provided to those clients.

As a privately owned licence, The Updated Investor will, in every other circumstance actively seek to avoid conflicts of interest.

About this document

This Financial Services Guide (FSG) is an important document, in two parts, that we encourage you to read before engaging us or making any financial decision.

Part One introduces the Licensee, The Updated Investor Pty Ltd ("TUI", "we", or "us"). After reading Part One, you'll understand:

- Who we are and how we can be contacted;
- What financial services and financial products we are authorised to provide to you;
- How we, our advisers and any other relevant parties are remunerated;
- Any relationships, arrangements or associations that may create conflicts between our duties to you and our own interests; and
- Details of our internal and external dispute resolution procedures and how you can access them.

In addition, Part Two is the Adviser Profile. This part includes information on your adviser, their background and the services they are authorised to provide on our behalf.

About The Updated Investor

The Updated Investor Pty Ltd is a privately owned and operated Australian company. We are not owned or associated with any Bank, Insurer or Funds Management business.

The Senior Financial Planners at TUI are all Partners/Shareholders in the Licensee and so share the same agenda in managing TUI, namely;

- TUI should remain as independent as possible and not be subject to conflicts of interest, influence or control by product manufacturers.
- Clients must give informed consent in every aspect of TUI's dealings with them.

We believe this is the only way clients can be sure that the financial planning services they receive will be in their best interests on every occasion.

Record of Advice (RoA)

In some cases, where we are providing supplementary recommendations consistent with the basis of our previous advice, we'll prepare a Record of Advice to document the advice and services we provided. We will retain the RoA for seven years and you can request a copy of the RoA, for free, at any time within this period.

Product Disclosure Statement (PDS)

A PDS is a document (or group of documents) that describes a financial product. A PDS (or other offer document) contains important information to assist you in making a decision about the product it describes. You should receive and review the PDS (or other offer document) provided by us before you make an investment decision about our products, or a produce we recommend.

How you can give us instructions

You can usually give us instructions by telephone, mail, email, or via our website. There may be special instruction arrangements for some financial products and financial services – details of which will be explained in the relevant PDS (or other offer document).

Ad-hoc advice:

How you can pay for our services

We offer a range of payment options. All fees and/or commissions charged will be fully detailed in any advice document you receive. You can pay in the following ways:

- A fee for advice that will be deducted from your investments as a one-off payment or in instalments;
- by direct invoice from us for initial and ongoing advice;
- A combination of the above.

This allows you to know that you are paying for our advice irrespective of any product we recommend and clarifies the services you are entitled to and ensures all recommendations are driven by your needs.

What monetary benefits are paid to us by product issuers or others?

We do not receive commissions on investments, new superannuation, managed funds or retirement products. However, insurance products and some older products may attract commissions.

Any commission amounts will be disclosed to you when providing our advice. Where possible it is our preference to update products to avoid investment commissions altogether. The following table is a guide of commissions we may receive.

Product/Service	Frequency of monetary benefits paid to us	Monetary benefit we may receive
Insurance Products	Upfront	Between 0% and 66%
	Ongoing	Between 0% and 33% of the annual premium for as long as you hold the product.
Pre-existing arrangements	Upfront	Between 0% and 5.5%
	Ongoing	Between 0% and 0.88% of the value of your investments for as long as you hold the product.

In the event commissions are received by TUI, we will rebate these to you either as a direct payment or as a means of offsetting the advice/ongoing planning fees we will have previously disclosed to you.

How will my adviser be paid for the services provided?

All fees and commissions received for the services provided are made to TUI and then paid to your adviser as either a share of the Adviser's Income (income less an amount retained by TUI to cover Licensee's expenses) or Director's Fees or Salary if your Adviser is an employee.

Referral fees and commissions

Should your circumstances require it, and if it is in your best interests, we may refer you to another party to obtain advice and services that we cannot provide.

If we refer you to another business to provide you with services, we will not receive referral fees.
